

Monday 1st of July

Sponsored by Øvrevoll Galopp

Start	End	Activity
16:00	17:30	Pre-conference industry meeting
17:00	19:30	Registration opens
18:00	19:30	Welcome reception + posters

Tuesday 2nd of July

Sponsored by Lallemand

Start	End	Activity
08:30	09:00	Registration + coffee
09:00	09:10	Conference opens
09:10	10:10	<i>Behavioural biology of horses with focus on foraging</i> Janne Winther Christensen
10:10	10:25	<i>Seasonal variation of key minerals in six distinct pasture types under different fertiliser protocols</i> V.A.M. Schmidt, R.L. Walker, C. Meg. Argo, P.K. Morrison, W.R. Russell, M. Neacsu, P.A. Harris and C.A. Watson
10:25	10:40	<i>Ecdysterone: A naturally occurring prohibited substance found on horse pasture</i> Martin Silence, Kathi Holt and Fang Li
10:40	11:05	Coffee + posters
11:05	11:20	<i>A comparative study of in-vitro, in-sacco and in-vivo digestibility methods in horses</i> Nina de Bruijn, Wilbert Pelikaan, David van Doorn, Mary Maxfield, Femke Schaaftstra and Rasmus Jensen
11:20	11:35	<i>The effect of incubation method on feedstuff digestibility within a gastric in vitro system for horses</i> Daisy Taylor, Simon Daniels, Viola Farci, Pat Harris, Peter Hastie and Jo-Anne Murray
11:35	11:50	<i>Comparing the anthelmintic effect of different dehydrated sainfoin pellets in vitro</i> Noémie Laroche, Pauline Grimm, Samy Julliard and Gabriele Sorci
11:50	11:55	<i>Chronic Kidney Disease and suspected Type 1 Polysaccharide Storage Myopathy in a horse: optimizing the ration for both</i> Marie Francesca Menniti, Wendy Wambacq, Marie-Céline Hottat, Céline Decoster and Myriam Hesta
11:55	12:00	<i>The effect of supplementing sound horses with a herbal complex on stride characteristics</i> Simon Daniels, Ellie Hedges and Meriel Moore-Colyer
12:00	13:20	Lunch
13:20	14:20	<i>Equine nutrition from a North American perspective, current practice and future challenges</i> Shannon Pratt Phillips
14:20	14:35	<i>Effects of different fat sources in equine diets on palatability and physiological responses</i> Renee Harbowy, Brian Nielsen, Cara Robison, Adam Lock and Holly Spooner
14:35	14:50	<i>The evaluation of performance and comfort while running mildly dehydrated using humans as a model for horses</i> Mckenzie Melosh, Renee Harbowy, Cara Robison, Alyssa Logan and Brian Nielsen
14:50	14:55	<i>Comparison of the serum iron status of healthy foals and foals with bronchopneumonia</i> Annika Klöpping, Sophie Werner, Monica Venner and Ingrid Vervuert
14:55	15:00	<i>The effect of feedstuff grinding on fermentation using in vitro and in sacco methods</i> Agnieszka Waliczek, Elise Hatch Furre and Rasmus Bovbjerg Jensen
15:00	15:45	Coffee + posters
15:45	16:00	<i>The effect of Saccharomyces Cerevisiae on the equine faecal metabolome and neural biomarkers</i> Simon Daniels, Caitlin Wilmington and Sophie Hiscocks
16:00	16:15	<i>Ecdysterone pharmacokinetics in horses</i> Martin Silence, Kathi Holt, Fang Li, Melody de Laat, Glenys Noble and Danielle Fitzgerald
16:15	16:30	<i>Unveiling the Mystery: Utilization of Dietary Supplements for PPID Among Horse Owners and Current Understanding</i> Marie-Céline Hottat, Lien Van den Bossche and Myriam Hesta

Wednesday 3rd of July

Sponsored by Champion

Start	End	Activity
08:30	09:00	Registration + coffee
09:00	10:00	<i>Energy requirement for maintenance in horses - thoughts outside traditional tracks</i> Manfred Coenen
10:00	10:15	<i>Lactofermented sugar beet pulp: A potential therapeutic tool for horses with metabolic syndrome</i> Patrycja Wróblewska, Malwina Mularczyk, Jacek Lyczko, Joanna Kolniak-Ostek, Lukasz Bobak and Krzysztof Marycz
10:15	10:30	<i>Effect on the equine gastric ecosystem of partial barley replacement with high-fiber raw materials</i> Samy Julliard, Pauline Grimm and Véronique Julliard
10:30	11:00	Coffee + posters
11:00	11:15	<i>Dietary effects on large intestine mucosal integrity and inflammation in elderly healthy horses</i> Marylou Baraille, Vladimir Milojevic, Samy Julliard and Veronique Julliard
11:15	11:30	<i>Trends in nutritional quality of roughage for horses: An eight-year analysis</i> Emilie-Julie Bos, Rebecca Görrig, Pleun Broeren and Rob Krabbenborg
11:30	11:45	<i>Patterns of growth and development in warmblood horses</i> Maria João Fradinho, Ana Luísa Costa, Celia Maerten, Lucas Fanguero, Miguel Bliebericht and António Vicente
11:45	11:50	<i>Analysis of in-vitro and in-vivo methods for predicting dry matter digestibility in horses</i> Laura van Oeveren, Elise Furre, Cecilia Müller and Rasmus Jensen
11:55	12:00	<i>The effect of synbiotics on the horses faecal metabolome and neural biomarkers</i> Simon Daniels, Taylor Hill and Meriel Moore-Colyer
12:00	13:30	Lunch
13:30	16:30	Tours
16:30	19:00	Free time
19:00	22:00	Gala dinner

Thursday 4th of July

Sponsored by PAVO

Start	End	Activity
09:00	10:00	Busses to NMBU
10:00	10:05	Welcome to NMBU
10:05	11:00	<i>Equid nutritional physiology and behavior: an evolutionary perspective</i> Marcus Clauss
11:00	12:00	<i>Social license to operate in equine sports and research</i> Michael A. Weishaupt
12:00	12:30	EWEN in the future
12:30	12:40	EWEN closing remarks
12:40	13:45	Lunch
13:45	15:15	Workshop
15:15	15:45	Coffee + posters
15:45	17:15	Workshop
17:15	18:00	Busses back to Oslo
